If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

Part V Section B 3-4. The community health needs assessment (CHNA) represented a comprehensive community-wide process where Holy Spirit Health System, Penn State Milton S. Hershey Medical Center, and Pinnacle Health System connected with a wide range of public and private organizations such as educational institutions, health-related professionals, local government officials, human service organizations, and faith based organizations to evaluate the community's health and social needs. The assessment included primary data collection, interviews with stakeholders, focus groups with key audiences, and community forums. The CHNA report was issued in September 2012 and addressed the Dauphin, Cumberland, Perry, Lebanon, and the northern tier of York Counties.

Part V Section B 6-7. A comprehensive Implementation Plan with associated strategies and goals was developed, approved and published on our website in June 2013. Internal monitoring and tracking is on-going as part of the 3 year implementation process.

The identified need of Community Mental Health was not addressed within this plan. The Medical Center participates in the Pennsylvania Psychiatric Institute, a separate legal entity, that specifically addresses this issue.

Part I - All financial data in Schedule H refers only to the Milton S. Hershey Medical Center - 7f Total Expenses include total Operating

Expenses of the Medical Center and the fund transfers to the College of Medicine.

Total Financial Assistance and Certain Other Community Benefits at Cost is 12.0 % of Total Operating Expenses, when the fund transfers supporting the Health Education and Research programs (\$74,286,540) managed by College of Medicine are included.

Pt. V Financial Assistance Policy #14: The hospital facility does not attach the actual policy to billing invoices, post in ED, waiting rooms, or Admissions, however our patient invoices, flyers and brochures indicate that financial assistance is available to patients who cannot afford to pay their medical bills.

Pt. V Charges to individuals eligible for assistance under the FAP (FAP eligible individuals) #20: PSHMC intentionally keeps charges well below average (31 percentile compared to our peers). Our charge structure factors in the amounts charged to FAP eligible individuals.

Part III Sec B.8 Hospital Medicare costs were calculated using MCCR (as filed) Schedule B1, total costs , subtracting out GME costs (reported part 1, 7f) and then multiplying that result by the Medicare payer mix for the hospital entity. Professional Medicare costs were calculated by taking the total WRVU for the professional entity and Multiplying that result by the Average cost per WRVU(including malp costs) that result is then calculated by the medicare payer mix for the professional entity.

Part III Sec A.3 Bad Debt & Charity Care - Attached Appendix A

Schedule H (Form 990) 2013

Part VI Supplemental Information **Appendix A**

Bad Debts — Patient accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of patient accounts receivable, management analyzes past history and identifies trends for each major payor source of revenue to estimate the appropriate allowance for doubtful accounts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, management analyzes contractually due amounts and provides an allowance for doubtful accounts (for example, for expected uncollectible deductibles and copayments or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables from self-pay patients the Medical Center and Health System records a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. In estimating the allowance for doubtful accounts, account age is taken into consideration. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

Charity Care — The Medical Center provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than established rates. The Medical Center does not pursue collection of amounts determined to qualify as charity care and is based on a ratio of the Medical Center's operational costs to its gross charges.

Penn State participates in all the major federal and state student aid programs. Federal and state funding sources comprise 70 percent of all student aid at Penn State, the majority of which is available in the form of federal education loans for students and parents. Eligibility for these programs is determined based on the information students report on the Free Application for Federal Student Aid (FAFSA) each year, in accordance with federal and state regulations. Student aid funds are awarded based on financial need and these limited funds are distributed first to students with the greatest financial need. The University has a wide array of monitoring procedures and controls in place to ensure compliance with federal, state, and local laws as well as its own internal policies.
